## Chapter 1 by Fanwizard

A kaleidoscope of colors  
as it filters through the crystal  
Twirling and spinning  
this way and that  
in the window  
And seeps through the cracks  
It spreads quickly  
The land touched by the sun's rays  
The earth begins to stir  
as the light continues spreading  
before everything is warmed  
by the sun's  
light
